Manistee County Master Plan

The Manistee County Planning Commission is updating its Master Plan and we want your input on the community's future.

The County is hosting 3 input sessions. Two of these are drop-in (come and go as you please) and the final one will be a facilitated roundtable discussion with the Networks Northwest team.

Don't worry if you are not familiar with local governance or community planning. Our activities are easy to follow for everyone.
